Horry County, SC
Recording Notification Service
User Guide & Documentation

******Disclaimer****: The Register of Deeds provides this service free of charge. It is dependent upon you, the end user, to utilize it in the best manner possible to help yourself. The ROD cannot be held liable for a missed notification due to incorrect use of the service by the end user, or a technical glitch which may occur.***

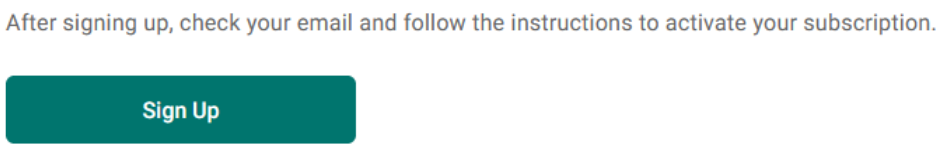

Subscribing to the Recording Notification Service

1. Navigate to: https://acclaimweb.horrycounty.org/PublicRecordsNotificationWeb/Subscribe
2. Complete the registration form by entering:
    a. A valid email address
    b. At least (1) individual or business name to monitor
        i. If you wish to monitor more than one name, or instance of a name, you may do so by pressing the "+" button near the end of the line.
        ii. If you wish to remove a selection you have entered in error you may click the trashcan icon to delete a name from the list.

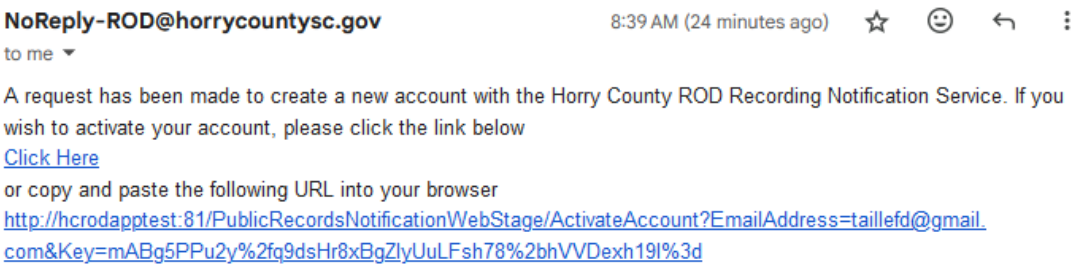

*****Please note*****: *All names are character specific. Meaning the name you are monitoring must match the name on a document that is being recorded exactly for the name to return a hit. So DOE JOHN is different than DOE JOHN JR, which is different than DOE JOHN J JR, etc. When in doubt if you want to monitor a name completely then have the system monitor all instances of that name.***

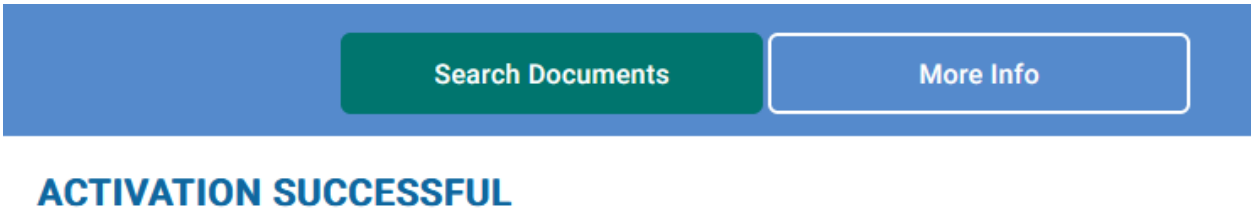

3. Click the “Sign Up” button

4. You will receive an email at the address you provided. Upon receipt of said email you will need to activate the subscription by completing the following steps:
    a. Click the activation link provided in the County automated email
